Activity Summary:

On 6/16/2018, PO Thomas responded to the Beckett Springs Behavioral Center (18-2114) for a psychiatric emergency. The reporting party stated that a patient had become upset and was acting aggressive towards the staff. The patient had damaged his room and attempted to leave the facility on his own. Upon arrival, PO Thomas was informed that the patient was currently confined in a secured hallway. PO Thomas made contact with the patient and found that he was extremely agitated and uncooperative. PO Thomas was able to talk with the individual and deescalate the situation to the point where the patient was handcuffed and voluntarily left with officers. PO Thomas is to be commended for his ability and efforts to deescalate a volatile and potentially violent situation.

Activity Summary:

On 5-28-18 PO Thomas, PO Michaud and PO Young responded to the area of Eagleview and West Chester Road for a suicidal male running toward the interstate. The known male subject had a history of jumping in front traffic on I75 in an attempt to harm himself.

Upon officers arrival the male subject climbed onto and sat on the bridge abutment overlooking I75. The subject was sitting on the edge of a 30 foot drop off to I75 when PO Young arrived and attempted to communicate with subject. The male would not talk to the officers or acknowledge them in anyway. As PO Young and Michaud talked the male PO Thomas was able to ease up next to and ultimately pull him to safety.

Once the subject was handcuffed the three officers were escorting him to a nearby cruiser when he began to resist. The subject head-butted PO Thomas as they were trying to get him to cross a guardrail. The subject had to be physically restrained and was placed on the ground in a controlled manner.

All three officers are commended on their handling of the situation and used very minimal force after one of them was intentionally assaulted. During the review of the incident it was noted that the officers were more concerned about the subject's safety and wellbeing then their own. Great job.

Activity Summary:

On March 17, 2018 while working road patrol you were dispatched to Top Golf for a report of a disorderly female, whom had been overserved and was refusing to find a ride home, possibly going to drive herself. Upon your arrival and conversation with this female, later identified as Pamela Dillon, you learned she didn't want to leave her vehicle at Top Golf and take an Uber home due to the fact she didn't want her son to know she had been drinking. Ms. Dillon was insistent that her car not remain at Top Golf, but she agreed she would take an Uber home. Officer Thomas recommended to Ms. Dillon that she have her vehicle towed, explaining to her that it could be expensive, but she would be able to have her vehicle at her home. She then stated that she would just take an Uber and follow the tow truck with her vehicle. Officer Thomas recommended that she just ride with the tow truck driver and save herself some money by not having to pay for the Uber, but only the tow. She agreed and the arrangements were made and she was transported home by Nicks towing, along with her vehicle.

On March 19, 2018 Ms. Dillon sent an email to Chief Herzog saying how impressed she was with the three officers that assisted her on Saturday Night. She described all three officers as perfect Gentlemen, who stayed with her until the tow truck arrived. She went on to say that "Jim Thomas had the epic idea of having both Me and My Car transported back to Springboro." She wanted to express her gratitude by stating "THANKS AGAIN, YOU'RE AWESOME."

I want to commend you for your commitment and providing the highest quality service and keeping within our Guiding Principles. You displayed professionalism and showed your ability to think outside of the box to assist Ms. Dillon. Thank you and keep up the great work!

Det. Thomas displayed great effort and resourcefulness investigating burglary #17-2408. In this case, Det. Thomas was called out to assist road patrol with the arrest, interviews, and processing of evidence related to the offense. Det. Thomas conducted interviews of the arrested subjects who denied involvement in the burglary. Det. Thomas is commended for not ending his investigation at the arrest of the offenders. He continued to investigate the offense, by periodically checking LEADSONLINE. This extra effort enabled him to discover that one of the previous interviewed suspects bonded out of jail and then pawned one of the stolen computers. This extra effort developed additional evidence against the suspects, as well as, enable us to recover stolen items for the victim. Det. Thomas is commended for his efforts.

In January of this year, I took over supervision of the Honor Guard from Sgt. Campbell when he left the department. The transition was seamless, largely in part to the work and efforts of senior Honor Guard member Det. Jim Thomas. Det. Thomas was instrumental in our efforts to order replacement equipment for the unit and research new equipment as well. Additionally, Det. Thomas put together a proposal for the Honor Guard to travel to Washington DC for the 2017 National Law Enforcement Memorial Week. This proposal included scheduling events for Honor Guard to participate, hotel and travel expenses, and overall logistics of the trip. As a result of his efforts, the proposal was approved and the trip was executed in a very organized, professional manner without incident. I continue to be impressed with Det. Thomas' dedication to the Honor Guard and he is to be commended.

On Sunday, October 8th, 2017 members of the West Chester Police Department Honor Guard, including PO Nick Gattermeyer, PO Adam Roth, PO Mike Veeneman, PO Jeff Gieske and PO Jim Thomas presented our Nation's Colors before the Cincinnati Bengals game at Paul Brown Stadium. This was the first time our Honor Guard presented the Colors for a National Football League (NFL) game. As a result, the officers could only prepare for the presentation the day of the game, just hours before the actual event.

Despite little preparation and torrential down pours of rain, these officers performed exceptionally well during the presentation. In addition to the Cincinnati Bengals representative, multiple individuals on the field and in the stands commented on how impressed they were with the uniformity and professionalism of the unit and the presentation. As a result, PO Gattermeyer, PO Roth, PO Veeneman, PO Gieske, and PO Thomas are to be commended for their outstanding performance.

On March 11, 2016 in the late afternoon hours, the West Chester Police Department received notification from the Secret Service that Donald Trump would be coming to West Chester the afternoon of March 13 for a town-hall style event. This event was originally scheduled to take place in Cincinnati and was changed at the last minute. It was to take place at the Savannah Center with 4000 tickets made available. Only 1600 would be permitted to enter the facility.

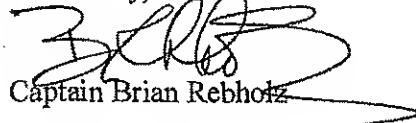

Based on recent events, especially a rally held in Dayton, Ohio earlier in the week where open-carry supporters were present, we anticipated the potential for physical confrontations between Trump supporters and protestors. While tensions rose at times and two individuals did show up with rifles, the officers dealing with these individuals and on the front line were very diplomatic and tolerant. As a result, we experienced no negative incidents and as some joked prior to the event, we did not end up on CNN or Fox News.

I cannot say enough about the professionalism and the image you all displayed in front of the national media. Yes, they were there and they were recording, but due to the contributions of each officer in and around this event to include our partner agencies, we had no incidents to report on. We have a strong, positive, professional image here in West Chester known regionally and most of you know and understand that. However, when placed on the national stage the stakes are very high and one negative incident can take years to rectify. As expected, the first impression for many was very positive.

I received numerous comments on how well law enforcement handled the event in West Chester. As I told other agencies that assisted us with this event, I am always impressed when multiple agencies are brought together to satisfy an objective. To see you all intermingled with members from the Ohio State Highway Patrol, Butler County Sheriff's Office, and several other agencies makes me proud and I believe this sends a very clear message: We are organized, we are professional, and we are in control.

You all represented West Chester well and your colleagues enjoy working with you. I challenge you all to continue to set the example for other agencies to follow. The integrity, commitment, professionalism, and courage of the officers of the West Chester Police Department were on center stage on March 13, 2016. Keep up the great work and apply these principles to everything you do and stand for.

Fraternally,

Captain Brian Rebholz

On 7/2/15, I received an E-mail from P.T. Oakes who had recently attended the monthly domestic violence meeting in Hamilton. In that e-mail, it is noted that PO Dunlevy responded to a domestic violence run in our jurisdiction. The victim in that offense describes PO Dunlevy as very respectful, professional and informative. His actions made her less apprehensive about the court hearing the following week. She also felt that this offense was taken seriously by him.

Following up on that same case, Detective Thomas worked with the victim to obtain video from her cell phone related to this offense. The victim described Detective Thomas as "phenomenal."

PO Dunlevy and Detective Thomas are to be commended for a job well done!

Steve,

The officer that responded to my friend's residence the night that her husband was arrested and charged with domestic violence is Nick Dunlevy. She stated that he was very respectful, professional, and provided her with information that she needed. As such, she stated that she is less apprehensive about the court hearing scheduled for next week because of how the officer treated her and how he left her with the impression that this offense was taken seriously.

When I asked her for the officer's name, she also gave me the name of the detective that she met with later who helped her get the video off of her cell phone so that it could be used as evidence. She stated that he was also "phenomenal." His name is Jim Thomas.

Letter of Recognition

Lt. Joseph Gutman, Sgt. Jeff Gearhart, Sgt. John Kleinfeldt, Det. Kyle Smith, Det. Kevin Burger, Det. Timothy Mintkenbaugh, Det. Anthony Hawkins, Det. Jason Flick, Officer Mike Lopez, Officer Ray Jones, Officer Ernie Malott, Det. Travis Oakes, Det. Jim Thomas, and Det. Doug Farris, and Sgt. Steve Oakes.

On September 10, 2014 West Chester Officers were dispatched to the Home Depot off of Tylersville Road for a shoplifting in progress. Upon arrival, Officer Dustin Parrett made contact with the suspect in an aisle of the store as Sergeant John Kleinfeldt arrived in the parking lot. As soon as Officer Parrett attempted to detain the suspect, later identified as John Sess, Sess fled the business and a foot pursuit ensued. During a struggle with Officer Parrett and Sergeant Kleinfeldt at the suspect vehicle, Sess placed the vehicle in reverse and struck the two officers as he fled the lot with his accomplice in the passenger seat. (14-3164)

A vehicle pursuit was initiated by responding officers on southbound I-75 and the vehicle was lost in the area of I-75 and Glendale-Milford Road. An intense search for the vehicle and occupants was initiated in Hamilton County as detectives and patrol officers began to piece this investigation together while the two injured officers were being treated at West Chester Hospital.

By evening, this team of individuals had discovered the name of the vehicle owner and had the vehicle under West Chester control with the assistance of Cincinnati Police. By the next day, the passenger was charged and the driver was identified as John Sess. On Friday, September 12, with the assistance of numerous Cincinnati Police Officers, a residence where Sess was residing was placed under surveillance. Cincinnati Police took Sess into custody a short time later when he exited the residence.

The professional police work and personal commitment that went into this investigation by all involved is simply remarkable. From the identification of the suspect vehicle by Detective Smith, the ALPR work by Officer Malott, and the perseverance of the officers associated with this case is a testament to the caliber of personnel in this organization as well as the law enforcement community, specifically Cincinnati Police in this case.

Fantastic Work! I thank you all for the work you do and all you stand for. We had two officers injured with nothing to go on and in less than 48 hours, you had this case solved and both suspects in custody. That is a tremendous morale boost for all of us, more so for the injured officers. The teamwork in this case was proven to be resolute and a significant deposit in our efforts to be recognized as a *Premier Law Enforcement Organization*.

Officer Newman realized the importance of information sharing which helped him in solving the case and the importance of obtaining assistance from the other resources within our department.

During the assistance of the investigation, Officer Newman requested Detective Thomas to sit in on an interview involving the case. On only one days' notice, Detective Thomas agreed.

It is this information sharing and guidance from other units within our department that help in assisting in solving these types of cases. When this occurs, it is then when these officers should be recognized.

On October 1, 2011 at 0116 AM, I received a call from Lt. Gutman confirming that one of our own, Officer David Busemeyer, had compromised an undercover narcotics operation being orchestrated by the Directed Patrol Unit. Shortly before the transaction was to take place, Busemeyer contacted an acquaintance informing the individual to warn the target of the operation. As a result, the target of the investigation was able to identify and make contact with the confidential informant essentially destroying the investigation and placing the safety of the informant and officers in jeopardy.

The subsequent criminal investigation was initiated immediately and I placed a call to Sgt. Steve Oakes to respond to the station tasking him with the lead investigative role for the investigation into the actions of David Busemeyer. Lt. Joe Gutman, Sgt. Steve Oakes, and Sgt. Jeff Gearhart assembled their personnel quickly and formulated a plan of action to identify, seize, analyze, and prepare all statements and evidence for prosecution. Within days, the members of the Criminal Investigations Section, under the leadership of Lt. Gutman, Sgt. Oakes, and Sgt. Gearhart, were able to prepare a case for review by the Butler County Prosecutor.

The individual efforts of all involved led to the successful completion and presentation of facts for prosecution. The teamwork displayed is an example for all officers to follow and is a textbook model of the ability of police officers to set aside personal feelings for the mission at hand. Corruption in the ranks is very difficult to comprehend let alone investigate. The West Chester Police Department suffered no negative media inquiries as a result of the investigation and I believe that is a testament to the officers of this organization. The West Chester Police Department did not violate the public trust, David Busemeyer did. That violation of trust was handled and handled swiftly by the West Chester Police Department. I salute you all!

Congratulations and thank you for a job well done. Continue to set and maintain a high standard of performance and conduct. It is recognized, respected, and definitely appreciated.

David Busemeyer plead guilty on January 25, 2012 to Attempted Tampering with Evidence, a fourth degree felony, and Obstructing Justice, a fifth degree felony. He was allowed to resign his position later that afternoon.

Respectfully,

HAMILTON — A woman who embezzled \$26,500 from a West Chester Twp. dental office will spend the next 15 months in prison.

Summer Salm, 34, of Franklin was sentenced by Butler County Common Pleas Judge Michael Sage Wednesday after pleading guilty to two counts of theft by deception in August.

Butler County Prosecutor Mike Gmoser said Salm worked for Dr. Joel Koch in his dental offices as a billing clerk. When people paid their co-pays, Gmoser said Salm would enter the amount in the computer, give the patient a receipt and then erase the payment and pocket the cash.

The second prong to her "elaborate scam" was to bill her insurance for false medical claims for family members and then retain the 80 percent insurance payment, according to Gmoser. He credited his assistant prosecutor Susan Schultz and West Chester Twp. Det. Jim Thomas for securing Salm's conviction.

"This was an outstanding effort by our 'white collar' team," Gmoser said. "It takes a lot of diligence and keen investigative skills to put together a successful financial fraud case, and with the assistance of Detective Thomas, Assistant Prosecutor Schultz was able to present a very clear case to the jury."

Activity Summary Including Date of Occurrence:

On 09/10/09 police were sent to the scene of a Felonious Assault at Triangle Park Dr., which later developed into a Murder investigation. Responding Uniform Patrol Bureau officers secured the scene, provided first aid and insured that no additional injuries or deaths occurred. After Uniform Patrol Bureau secured the scene the Criminal Investigations Section responded and conducted a lengthy investigation, which ultimately resulted in 2 arrests.

All of the officers and supervisors are commended for working well as a team to bring about a quick resolution to this case. Each was assigned a task to perform, which they did without hesitation. As a result of the team effort, the guilty parties were brought to justice.

Activity Summary Including Date of Occurrence:

On 12/17/08, I spoke with Prosecutor Dan Ferguson in regards to an embezzlement case Det. Thomas investigated. He advised that Det. Thomas investigated Christina Pawlowsky for embezzling nearly \$350,000.00 from her employer by using the company credit card and writing checks to her husband over a 3 year period. Ms. Pawlowsky was sentenced to 3 years in prison. Case #08-3392

Mr. Ferguson stated that Det. Thomas's investigation was well organized and very detailed. He advised that he wished that he received more cases with as much detail and that Det. Thomas basically presented a case that was thoroughly wrapped up "with a bow on it." Det. Thomas is to be commended for his attention to detail and thorough investigation.

Dear Col. Bruce:

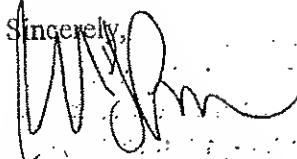

I wanted to write a brief letter of appreciation for the work performed by Detective Thomas. Our company had received several on-line orders originating from New York that proved to be fraudulent. After becoming aware of the situation, we contacted your office and met with Detective Thomas.

What we have learned is the internet has opened up huge opportunities for individuals to operate dishonestly. Because of this virtual environment, it also has proven very difficult, cumbersome and time consuming to track these perpetrators down. In this most recent case, we had the name and delivery address of the person originating the fraudulent orders. Detective Thomas took our crime report and told us he would do what he could to help us out. Knowing that we were dealing with multiple states and jurisdictions, I was not very hopeful the issue would go much farther. However, Detective Thomas, through his diligence, was able to make contact with the appropriate person at the United States Postal Service Investigation Unit and put them in contact with us. They in turn coordinated an operation with us to arrange to deliver our product to the address in hopes of making an arrest. Unfortunately, the person ordering the package did not answer the door (the property looked vacant) nor did they respond to the delivery notices on the door.

Even though an arrest was not made, I am very appreciative of the follow-through of Detective Thomas and wanted to bring this to your attention.

Again, thanks to your department for the assistance given to our company.

Sincerely,

Mark L. Carr

Dear Col. John Bruce,

On Sept. 15th 2005 Pack 939 held its first pack meeting of the year. As the meeting was so close to the 9-11-01 anniversary, the cub scouts wanted to honor the police officers of the West Chester Police Dept. for being "our heroes". Officer John Thomas and Officer Michelle Berling of your mounted patrol responded to our request to demonstrate their equestrian skills and to talk to approximately 60 cub scouts about their work as police officers. Your officers were extremely professional and more than courteous to the kids as they answered many questions that first through fifth graders would ask. The scouts loved the demonstration as did many of the parents and cub scout leaders. The scouts then signed a banner thanking "our heroes" and presented it to your officers along with a Cub Scout salute.

I would like to thank you for allowing your officers to take the time to be with us. Also, a special thanks to Sgt. John Hunkler for arranging for your officers to be there. He handled our request promptly and professionally. Your officers should be commended for a job well done!

Sincerely,

Dear Sir or Madam:

This letter is for the gratitude of the City of West Chester's equestrian patrol. It has been my pleasure to see these beautiful horses and their riders taking care of the residences of Woodbridge on the Lake apartments. The officers have been outstanding in the effort to fight the wrongs in society and have been an asset to the police force. Not only has the department shown an incredible amount of generosity, but also has recognized the reasoning for this type of citizenship. You all have showed the productive side of community involvement.

I would like to thank to following members of the Department:

I would like to extend my sincerest thank you, to each of you, for an excellent job investigating, solving and providing support to the Chad Re Homicide. This case could not have been solved if it weren't for the dedication and cooperation of each and every police officer and unit within the West Chester Police Department. The Uniform Patrol Bureau sacrificed desperately needed personnel at a time when manpower was short, allowing the Criminal Investigation Section to utilize the abilities of experienced officers to assist with the case. The Criminalistics Unit did a terrific job processing the scene. Detective Gary Gabbard, the lead investigator, and Detective Matt Tombragel deserve a special thank you for their outstanding work on the case. I am extremely proud of the outstanding police work demonstrated, but I am the proudest of the collaborative effort and interdepartmental teamwork it took to solve this case. Dear Sir,

The Greene County Agencies for Combined Enforcement (ACE Task Force), Kettering Police Department, West Chester Police Department, Englewood Police Department and the Ohio Attorney General's Consumer Fraud Division conducted a multi-jurisdictional investigation involving a tree-trimming theft operation that targeted elderly victims in Greene, Butler, Franklin, and Montgomery Counties. The teamwork of everyone involved ended a several year reign of three subjects who were taking advantage of the elderly.

The prosecution of this criminal enterprise was led by Principal Assistant Attorney General Jonathan Blanton, the Attorney General's Consumer Fraud Division, First Assistant Prosecutor Suzanne Schmidt and Assistant Prosecutor Cheri Stout, Greene County Prosecutor's Office. A Greene County grand jury indicted Jason R. Johnson, Timothy Henery, and Christopher Gibbs for engaging in a theft enterprise that targeted elderly consumers. The enterprise deceived victims into believing they needed tree trimming or lawn care work because their trees were diseased, damaged, or unsafe. The individuals accepted money for work that was never completed, and infiltrated legitimate tree trimming companies to trick their victims into believing they were credible.

Although other defendants were indicted in the organization, Jason Johnson, Christopher Gibbs, and Timothy Henery were the principle leaders of the theft enterprise. These three subjects received lengthy sentences from the Greene County Common Pleas Court and their deception and reign of abuse against the elderly has been stopped.

The above listed defendants preyed upon the defenseless elderly and depleted their much needed life savings by using intimidation and deception. It is unknown how many elderly people were victimized. Many of the crimes went unreported due to the victims being embarrassed or ashamed of losing their savings. Sadly a number of victims suffered from dementia and were incapable of filing a complaint. Without a doubt had the investigative agencies and prosecutors involved not put forth their gallant effort the enterprise would still be in operation today.

The team work was exemplary from all personnel and efforts were extraordinary. I would like to take this time to commend and thank Det. James Thomas. His expertise assisted the Task Force in accomplishing the goals of serving our communities better in Greene County and he represented the West Chester Police Department in the most professional manner. The members of ACE Task Force, the ACE Task Force Board of Directors and their respective Departments were greatly appreciative of working with Det. Thomas. Please place a copy of this letter in Det. Thomas' personnel file and thank him for a job well done.

Colonel John W. Bruce;

On 8/24/03 at approximately 2145hrs, I observed two subjects committing a theft offense at the Tractor Supply on S.R.4. The subjects jumped into their U-haul truck, fled the scene and initiated a pursuit throughout Liberty Township. During the pursuit, the suspect struck a motorist in the rear causing a severe damage to the vehicle.

Officer James Thomas responded to Lesourdsville West Chester Rd. near Kyles Station and assisted us by taking the accident report. Officer Thomas faxed the report to my substation and called my dispatch center to ensure that I had received the report.

I wanted to take this opportunity to thank your officer for assisting with this matter. The suspect was apprehended and convicted of a felony 4 on April 5, 2004. I feel that your officer went beyond his expected performance in assisting us and I especially appreciate that he took the time to contact me personally to ensure that I had received the information.

I realize that it is a tough job taking care of calls that occur in your respective area without having to cover calls for an entirely other department and I wanted you to know that I appreciate his assistance.

Respectfully,
